

LATEX PAINT DISPOSAL

Dry it up. Throw it out.

Water-base paint is not hazardous and should be disposed of in the trash.

Medina County
Solid Waste
District

To solidify latex paint

- Air dry
- Use a drying agent: cat litter, saw dust, plaster of Paris, Oil-Dri or “waste paint hardeners”
- When the paint is dry, discard it with your regular trash. Leave the lid off so the waste collector can see the paint is hardened.
